DEDICATION

To my Lord and Savior, Jesus Christ, I dedicate this work. He is the Almighty God, my source, protector, provider, and sustainer upon which i depend on for existence and significance. It is through His grace that I have been able to successfully complete my industrial training within the designated period.

I also acknowledge and salute the team spirit exhibited by my colleagues here, some are my course mates from Adamawa Stata University Mubi, and coincidentally we got industrial placement in the same place. To all those too numerous to mention and have been very supportive, I say thank you all.

ACKNOWLEDGEMENT

All grateful thanks go to the Almighty GOD, the merciful and beneficent for His guiding mercies upon my life. Special thanks to the entire Staff of Computer Science Department for providing an opportunity for this life changing experience and growth.

ABSTRACT

This report is the outcome of my six (6) months experience during the Students Industrial Work Experience Scheme (SIWES). The program is required by the federal government to give students a qualitative teaching and learning. The report consists of five chapters, the first chapter contains information about SIWES and a Brief History of the Organization, the second chapter consist of software development, chapter three deals with database design using PHP and MYSQL, chapter four consists of web development and lastly chapter five which consist of recommendations, conclusion and reference.
